Hersham Club, Covid-19 Restrictions

In view of the new government regulations announced two weeks ago, please note the club has to be empty and locked by 10pm. This will mean that we will now start playing at **18:30** and finishing at **21:30**, allowing the band to pack up by 22:00. Due to the reduced playing time, could all players please be ready to play when it is your turn. If anyone would like to sing, you will need to bring your own microphone.

Table service is now in place for drinks orders. You will need to raise your hand to place an order, so please be patient with the person serving, as they may be busy. Masks need to be worn when entering the club and walking about. They can be taken off once seated. We will still be taking names, contact details and temperature on arrival. Thank you for your cooperation with this.

Collection

Over the past two months, quite a few people have asked why a collection was not done for the band. In August we were not too sure how the evening would work after a five month break and were more concerned on getting the club up and running again. Last month we forgot to arrange for someone to go around with the collection tin. We will be doing a collection again from this month. Thank you to everyone for your kind contribution.
